

## **TETON SPECTRUM RACEWAY**

AMMAN, IDAHO

 architect, Sundberg & Associates, Idaho Falls, Idaho; builder, Tri-Steel Construction Co. Inc., Rexburg, Idaho; erector, Quality Steel, Idaho Falls; general contractor, Tri-Steel Construction Co. Inc., Rexburg; and roofing contractor, Tri-Steel Construction Co. Inc., Rexburg

 The 40,000-square-foot (3,716-m<sup>2</sup>) racing facility encompasses Houston-based Metallic Building Co.'s Double Lock Standing Seam roof and Metallic's Long Bay System to accommodate expanded areas of open floor space in the racing facility. One end wall and one sidewall were finished with steel studs with stucco covering.
