Owner/Customer Signature

Authorized Builder Signature

We at Metallic work closely with industry publications to garner publicity for our builders' projects. These publications often run metal building contests and project features which offer some well-deserved promotion of your project and your business. If you would like to increase your chances of being featured, please complete the below questionnaire.

Project Submission Form

Please provide a brief summary of the project:	
Why was metal selected for this project?	
Describe the project goals and how metal was used to achieve those goals:	
Project unique challenges and other interesting aspects:
